INTRODUCTION

The ICC International Maritime Bureau (IMB) is a specialised division of the International Chamber of Commerce (ICC). The IMB is a non-profit making organisation, established in 1981 to act as a focal point in the fight against all types of maritime crime and malpractice. The International Maritime Organization (IMO) in its resolution A 504 (XII) (5) and (9) adopted on 20 November 1981, has *inter alia*, urged governments, all interests and organization to co-operate and exchange information with each other and the IMB with a view to maintaining and developing a coordinated action in combating maritime fraud.

This report is an analysis of world-wide reported incidents of piracy and armed robbery against ships from 1 January to 31 December 2013.

Outrage in the shipping industry at the alarming growth in piracy prompted the creation of the IMB Piracy Reporting Centre (PRC) in October 1992 in Kuala Lumpur, Malaysia.

The key services of the PRC are:

- Issuing daily status reports on piracy and armed robbery to ships via broadcasts on the Inmarsat-C SafetyNET service
- Reporting piracy and armed robbery at sea incidents to law enforcement, MRCCs and the IMO
- Helping local law enforcement apprehend pirates and assist in bringing them to justice
- Assisting shipowners whose vessels have been attacked or hijacked
- Assisting crewmembers whose vessels have been attacked
- Providing updates on pirate activity via the Internet
- Providing free updates to CSOs and ship managers in-charge of the safety and security of their vessels
- Publishing comprehensive quarterly and annual reports detailing piracy statistics

The services of the PRC are provided free of charge to all ships irrespective of their ownership or flag.

The IMB also locates ships seized by pirates and recovers stolen cargos on a chargeable basis.

The IMB Piracy Reporting Centre can be contacted at:

Piracy report on the Internet: The IMB posts updates of attacks on the Internet at www.icc-ccs.org. By posting the information on the internet, ship owners and authorities ashore as well as ships at sea can access these updates regularly and make informed decisions on the risks associated with certain sea areas.

Sometimes, incidents occurring in the previous quarter(s) are reported to the Centre after a time lag. This late reporting of incidents results in changes to the figures in the tables. The Centre has, as at 31 December 2013, received reports of 264 incidents but may receive details of more in the coming months relating to the same period.

Because of the recent debate concerning Malacca Straits, narrations of incidents in this area are shown as separate categories. Similarly because of the increasing serious incidents off Somalia, incidents in this area are also shown as separate categories.

Attacks in the Gulf of Aden and off the east coast of Somalia have been grouped together in the narrations for easy reading.

DEFINITIONS OF PIRACY & ARMED ROBBERY

Piracy is defined in Article 101 of the 1982 United Nations Convention on the Law of the Sea (UNCLOS) and Armed Robbery defined by the International Maritime Organisation (IMO) in its 26th Assembly session as Resolution A.1025 (26).

Article 101 of UNCLOS defines Piracy as:

Definition of Piracy consists of any of the following acts:

a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed-

(i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;

(ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;

(b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;

(c) any act of inciting or of intentionally facilitating an act described in subparagraph (a) or (b).

The IMO defines Armed Robbery in Resolution A.1025 (26) “Code of Practice for the Investigation of Crimes of Piracy and Armed Robbery against Ships” as:

Armed robbery against ships” means any of the following acts:

.1 any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State’s internal waters, archipelagic waters and territorial sea;

.2 any act of inciting or of intentionally facilitating an act described above

OFF SOMALIA / GULF OF ADEN ATTACK FIGURES UPDATE

From January to December 2013, the IMB PRC has received reports of 15 incidents including eight vessels fired upon and two hijackings. Positive efforts of the navies ensured the release of both vessels, a fishing vessel and a dhow and their 34 crew, within a day.

The combined efforts of the Navies in the region, along with the increased hardening of vessels and BMP4 compliance, employment of Privately Contracted Armed Security Personnel (PCASP), and the the stabilizing factor of the central government within Somalia have resulted in the 2013 figures being the lowest since the increase of Somali piracy in 2007.

As the IMB PRC continues to monitor the situation in the region it cautions ship owners and Masters against complacency especially as the eight vessels fired upon in 2013, reinforces the fact that Somali pirates have continued capability and capacity to carry out attacks. The IMB PRC believes that a single successful hijacking of a merchant vessel, will rekindle the Somali pirates' passion to resume its piracy efforts.

As of 31 December 2013, suspected Somali pirates continue to hold 64 crewmembers from vessels hijacked between April 2010 and March 2012.

PIRACY AND ARMED ROBBERY PRONE AREAS AND WARNINGS

Mariners are warned to be extra cautious and to take necessary precautionary measures when transiting the following areas:

SOUTH EAST ASIA AND INDIAN SUB CONTINENT

Indonesia: Tanjung Priok – Jakarta, Dumai, Belawan, Balikpapan, Taboneo, Muara Jawa, Samarinda, Nipah Anchorage waters. Pirates / robbers normally armed with guns / knives and / or machetes. Generally be vigilant in other areas. Many attacks may have gone unreported. Pirates / robbers normally attack vessel during the night. When spotted and alarm sounded, the pirates / robbers usually escape without confronting the crew.

Malacca Straits: Although the number of attacks have dropped substantially due to the increase and aggressive patrols by the littoral states authorities since July 2005, ships are advised to continue maintaining strict anti-piracy / robbery watches when transiting the Straits. Currently, there are no indications as to how long these patrols will continue or reduce.

Singapore Straits: Vessels are advised to remain vigilant and to continue maintaining adequate anti-piracy / robbery watch and measures. Pirates / robbers attack ships while underway or while at anchor especially during the night.

South China Sea: Although attacks have dropped significantly in the vicinity off Anambas / Natuna / Mangkai islands / Subi Besar / Merundung areas, vessels are advised to continue to remain vigilant.

Bangladesh: Robbers targeting ships preparing to anchor. Most attacks reported at Chittagong anchorages and approaches. Attacks in Bangladesh have fallen significantly over the past few years because of the efforts by the Bangladesh Authorities.

India: Kandla

AFRICA AND RED SEA

Africa:-

Nigeria (Lagos): Pirates / robbers are often well armed, violent and have attacked hijacked and robbed vessels / kidnapped crews along the coast, rivers, anchorages, ports and surrounding waters. Attacks reported up to about 170nm from coast. In many incidents, pirates hijacked the vessels for several days and ransacked the vessels and stole part cargo usually gas oil. A number of crewmembers were also injured and kidnapped in past attacks. Generally, all waters in Nigeria remain risky. Vessels are advised to be vigilant, as many attacks may have gone unreported. Past attacks also reported at / off Port Harcourt and Calabar.

Benin (Cotonou): Although the number of attacks has dropped significantly, the area remains risky. Past attacks showed that the pirates / robbers in this area are well armed and are violent and in some incidents have fired upon and hijacked ships. The pirates force Masters to sail to unknown location where ship's properties and sometimes part cargo is stolen (gas oil). Crewmembers have been injured in the past. Recent patrols by Benin and Nigerian Authorities has resulted in a drop in the number of attacks. However, vessels are advised to continue to be vigilant and maintain strict anti-piracy / robbery watches and measures.

Togo (Lome): Attacks in this area remains a concern. Pirates / robbers in the area are well armed, violent and dangerous. Attacks can occur at anchorages and off the coast and usually at night. Some attacks resulted in vessels being hijacked for several days and ransacked and part cargo stolen (gas oil).

Gulf of Aden/Red Sea: Attacks have dropped significantly. This drop is due to increased/active military action on suspected skiffs, military land based anti-piracy operations, preventive measures (latest BMP recommendations) and increased armed guards on board ships. The IMB PRC continues to monitor the situation and warns ships to remain vigilant and adhere to the latest BMP recommendations. The threat is still present and Somali pirates usually attack ships in the northern Somali coast in the Gulf of Aden and southern Red Sea in the Bab El Mandeb TSS. The pirates fire automatic weapons and Rocket Propelled Grenades (RPG) at merchant vessels in an attempt to board and hijack them. Once the attack is successful and the vessel hijacked, they would sail the vessel towards the Somali coast and thereafter demand a ransom for the release of the vessel and crew. All vessels transiting the area are advised to take additional precautionary measures and maintain strict 24 hours visual and radar anti-piracy watch using all available means. Watch keeping crews should lookout for small suspicious boats converging to own vessel. Early sightings/detection and accurate assessment will allow Master to increase speed and take evasive manoeuvres to escape from the pirates and at the same time request for assistance from various Authorities / Agencies including the IMB PRC. Monitor and keep clear of all small boats if possible.

Since 1 February 2009, MSCHOA (www.mschoa.org) has established the Internationally Recommended Transit Corridor (IRTC). Strategically deployed Military assets (Naval and Air) within the area provide protection and support to merchant ships.

Masters using the IRTC are not relieved of their obligation and should continue to maintain a strict 24-hour lookout using all available means to get an early warning of an approaching threat. Some vessels have been attacked/hijacked in the corridor.

Ships/Owners are advised to register their details on the MSCHOA website www.mschoa.org and obtain further information regarding the close support protection details for ships transiting the Gulf of Aden. Ships are encouraged to conduct their passage through the IRTC in groups based on their transit speed of 10, 12, 14, 16 and 18 kts.

Masters are advised to maintain a listening watch on VHF CH 16, CH 8 and CH 72 in order to hear the Maritime Advisory Calls from the warships in the area who will make general security broadcasts and in turn listen to merchant ships calling them. In addition, Masters are advised to monitor the IMB Piracy Reporting Centre (PRC) broadcast and Warnings via Inmarsat C EGC Safety Net. All attempted, actual attacks and suspicious sightings reported to warships should be reported to the IMB PRC.

Somalia: Attacks have dropped significantly. This drop is due to increased / active military action on suspected skiffs, military land based anti-piracy operations, preventive measures (latest BMP recommendations) and increased armed guards on board ships. Usual modus operandi of the Somali pirates is to attack ships in the northern, eastern and southern coast of Somalia. Past attacks reaching up to off Kenya, off Tanzania, off Seychelles, off Madagascar, off Mozambique/Mozambique Channel and in the Indian Ocean and Arabian Sea / off Oman, Gulf of Oman and off west coast India and off western Maldives. Somali pirates are dangerous and are prepared to fire their automatic weapons and RPG at vessels in order to stop them. Pirates normally used "mother vessels" to launch attacks at very far distance from coast. These "mother vessels" are usually hijacked dhows or ocean going fishing vessels. In the past, the Somali pirate has tried to use hijacked merchant vessels to conduct piracy operations. The "mother vessel" is able to proceed very far out to sea to launch smaller boats or skiffs to attack and hijack unsuspecting passing vessels. Many past attacks had taken place more than 1,000 nm from the Somali coast (towards Indian west and south coast in the Indian Ocean). These pirates have also attacked vessels close to the coast of Tanzania, Kenya, Somalia, Yemen and Oman. Masters are cautioned that attempted attacks and suspicious approaches have taken place as far east as 76°E, as far south as 22°S and as far north as 26°N (just south of the Straits of Hormuz). Monitor and keep clear of all small boats, dhows and fishing vessels if possible. A 24-hour visual and radar watch must be maintained at all times while transiting these waters. Early sightings / detection and most importantly accurate assessment, keeping in mind the warnings and alerts for the area will allow Masters and PCASP to make informed

decisions for evasive actions, increasing speed, requesting assistance as well as engaging the pirates. Adhere to the latest BMP recommendations.

Ivory Coast: Abidjan

Egypt: Attacks reported at Suez and Alexandria anchorages.

SOUTH AND CENTRAL AMERICA AND THE CARIBBEAN WATERS

Ecuador: Guayaquil.

REST OF THE WORLD

Arabian Sea / Off Oman / Gulf of Oman: Past attacks reported off Oman, Gulf of Oman and the Arabian Sea where a number of vessels were attacked and hijacked. Pirates believed to be Somali pirates extending their attack areas. Attacks have reduced to low levels this year but waters still considered risky.

Indian Ocean / Off Seychelles / Off Madagascar / Off West Maldives: Suspected Somali pirates operate in these waters to conduct piracy attacks. In the past, pirates also used hijacked ocean going fishing vessels/dhows and hijacked merchant vessels to conduct piracy operations. These pirate “mother vessels” are able to sail far from Somali coast to attack passing ships. Smaller skiffs are launched from the pirate “mother vessel” to attack the merchant vessels. Pirates are heavily armed with automatic weapons and RPG. Past attacks also extend to west coast of Maldives, off west and south India and Minicoy island. Attacks have reduced to low levels this year but waters still considered risky.

Reporting of incidents

Ships are advised to maintain strict anti-piracy watches and report all piratical attacks (actual and attempted) and suspicious sightings to the IMB Piracy Reporting Centre, Kuala Lumpur, Malaysia.

TRENDS

A total of 264 incidents of piracy and armed robbery against ships have been reported to the International Maritime Bureau's Piracy Reporting Centre (PRC) in 2013. This is an 11% decrease from the 2012 figures of 297 and a massive 41% decrease from 2011 (445 incidents) when Somali piracy was at its peak.

Globally, 12 vessels were hijacked, 202 boarded, 22 fired upon and a further 28 reported attempted attacks making 2013 the lowest number of reported incidents since 2007 (263). The number of crew taken hostage stands at 304. One further crew member was killed, 21 injured and 36 kidnapped and held ashore for ransom.

The single biggest reason for the drop in worldwide piracy and armed robbery is the decrease in the overall attacks carried out by Somali pirates. The 15 reported attacks including two hijacked vessels, both of which were released within a day. A further eight vessels were fired upon in 2013. These figures are the lowest since the 10 incidents reported in 2006. The combined efforts of the navies in the region, along with the hardening of vessels, employment of privately contracted armed security teams and the stabilizing factor of the central government within Somalia have all contributed to this drop. It remains imperative that these combined efforts continue. Any change or complacency, at this stage, could rekindle the pirate activity.

The Gulf of Guinea region accounted for 48 of the 264 incidents in 2013. Off these Nigerian pirates and armed robbers were responsible for 31 incidents, including two hijackings, 13 vessels boarded and 13 vessels fired upon. One crew member was killed and 36 kidnapped – the highest number of reported Nigerian kidnappings since 40 were recorded in 2008. Of the seven vessels hijacked in this region - off Gabon, Ivory Coast, Nigeria and Togo in 2013 – Nigerian connections were reported in at least five cases showing the Nigerian pirates capability to carry out successful attacks at greater distances from their coast.

Malaysian waters saw the hijacking of two product tankers resulting in the theft of crew, ship, property and cargo. Such attacks have not been witnessed in this region for a number of years and the IMB PRC is maintaining a close watch to report any developing trends.

Most of the attacks in the Indonesian anchorages and waters remain low-level opportunistic thefts and should not be compared with the more serious incidents off Africa. However, these accounted for more than 50% of all vessels boarded in 2013 and the fourth consecutive year of increased armed robbery activity. Moreover, over one third of the incidents in these waters were reported in the last quarter of 2013. The IMB PRC has been working closely with the Indonesian Marine Police who have increased maritime patrols and designated safe anchorage areas for vessels to use in some higher risk ports.

Incidents reported in Indian and Bangladeshi waters are also low level and opportunistic in nature. The 14 reported incidents off India have been increasing year on year since 2010 while the 12 incidents off Chittagong in Bangladesh have remained nearly the same for the last few years due to the active patrolling of the Bangladesh Coast Guard.

The IMB PRC remains an independent, single, and sustainable, 24hour manned Centre providing information and reports to ships, law enforcement and governments alike and hence strongly urges all Shipmasters and Owners, to report all incidents of actual and attempted piracy and armed robbery incidents to the IMB PRC. Reporting and information sharing is the first and most important step in the response chain and remains vital in ensuring that adequate resources are allocated by governments to deal with the problem. A set of transparent statistics from an independent, non-political, international organisation such as the IMB PRC acts as an effective catalyst to achieve this goal.

OBSERVATIONS

Narrations of the 264 attacks for 01 January to 31 December 2013 are listed on pages 33 to 71. The following serious incidents, in chronological sequence are described in more detail.

Gabon:

On 15 July 2013, a Malta flagged Tanker MT Cotton was attacked by armed pirates while underway at position Latitude 00:26.49 South and Longitude 008:51.45 East, off Gentil Port, Gabon at approximately 0552LT. Pirates attacked and successfully boarded the tanker at the anchorage area, took hostage all crew members and hijacked the tanker. The IMB PRC notified all Authorities in the region and kept them updated on the situation. The pirates subsequently disembarked and escaped on 22 July 2013. All the crewmembers were released and the tanker then sailed to a safe port.

Gulf of Aden:

On 05 June 2013, an Indian Dhow Shahe Faize Noori was attacked and hijacked by armed pirates while underway at position Latitude 11:36 North and Longitude 049:15 East, around 20nm north of Bosasso, in the Gulf of Aden at approximately 0530UTC. Pirates successfully boarded the dhow and took all 14 crewmembers as hostage. Later all the pirates released the dhow for unknown reasons and escaped. The crewmembers and dhow are reported to be safe and proceeded to a safe port.

On 09 December 2013 a Hong Kong flagged Bulk Carrier, was approached and fired upon by armed pirates while underway at position Latitude 12:52 North and Longitude 047:52 East, in the Gulf of Aden. Master raised alarm, activated fire hoses, sounded ship's horn, took evasive manoeuvres and non-essential crewmembers mustered in the citadel. The on-board armed security team took their position and showed their weapons but the skiff continued to approach the ship even after the armed team fired a warning flare towards the skiff. The security team fired warning shots as the skiff closed to the ship. The pirates responded by engaging the ship with small firearms and the security team returned fire resulting in the pirates aborting the attempted attack. A military helicopter came to the location for assistance.

Ivory Coast:

On 16 January 2013, armed pirates at Abidjan Anchorage, Ivory Coast hijacked a Panamanian flagged Product Tanker MT Itri at approximately 2200LT. Armed pirates attacked and boarded the tanker. They hijacked the tanker, took all 16 crewmembers as hostage, and sailed her to an unknown location. The pirates then stole crew's and vessel's valuable and her cargo. The vessel and all crewmembers were released unharmed on the 22 January 2013. The tanker then proceeded to Lagos port for further investigations.

On 03 February 2013, armed pirates attacked and hijacked a Luxemburg flagged Tanker MT Gascogne while steaming at position Latitude 04:07.38 North and Longitude 003:54.42 West, 70nm south of Abidjan, Ivory Coast at approximately 0659LT. About 12 pirates' heavily armed with guns boarded the tanker underway. The pirates used a foldable ladder equipped with hooks to board the tanker. They hijacked the tanker and took all 17 crewmembers as hostages. They then sailed the tanker to off Nigeria where they stole the tanker's oil cargo. They also ransacked the vessel and stole the vessel and crew's valuables. The tanker and the crewmembers were released on 05 February 2013. Two of the crewmembers were injured. The Chief Officer was stabbed and the Third Officer was beaten. The tanker then proceeded to a safe port.

Malacca Straits:

On 07 May 2013, a Malaysian flagged Fishing Vessel PKFB(U2)1532 was attacked and hijacked by armed pirates while carrying out fishing activities in the Malacca Straits at approximately 2300LT. The pirates sailed the fishing vessel into Indonesian territorial waters thereafter. The owner of the fishing

vessel subsequently lodged a report with the Malaysian Authorities/MMEA. On 25 May 2013, the Indonesian Marine Police located and detained the fishing vessel.

Malaysia:

On 17 June 2013, a Malaysian flagged Product Tanker MT King River was attacked by armed pirates while underway at position Latitude 04:31 North and Longitude 113:52 East, about 8nm WNW of Lutong, Sarawak, Malaysia at approximately 1930LT. About eight to ten pirates in ski masks armed with long knives in a speedboat approached and boarded the tanker. The pirates were very aggressive and violent, beat most of the crewmembers, and tied their hands. Master's left palm was severely cut and the Chief Engineer and Chief Officers suffered minor cuts. Several crewmembers also suffered bruises on their face, head, body and hands after being beaten by the pirates. The pirates cut the communication cables and then ransacked the bridge and accommodation. They stole crew and ship's properties and cash before leaving the tanker after about an hour. The tanker then diverted to Miri port to provide medical assistance to all the injured crewmembers. A police report was also lodged.

On 10 July 2013, armed pirates attacked a Malaysian flagged Tanker MT LG Asphalt, while underway, around 12nm NNE of Pulau Tioman, Malaysia at approximately 0345LT. About eight pirates armed with guns and knives attacked and successfully managed to board the tanker. They ordered the Chief Engineer to reduce speed to minimum and mustered all the crew including all the bridge and engine-room watch officers in the mess room where they tied them up. The tanker was under the control of the pirates for about an hour during which time they stole the crew's and tanker's properties and cash. The crew managed to free themselves, regained control of the tanker, and sailed to Kemaman port.

On 23 September 2013, armed pirates attacked a Malaysian flagged Offshore Tug JM Damai, while underway, around 22nm ENE of Pulau Tengkul, Malaysia at approximately 2115LT. About eight pirates in a high-speed craft with facemasks armed with gun and knives attacked and successfully managed to board the tug. They took hostage all crewmembers, tied them up and stole their personal belongings. The pirates took command of the tug and were in control of the tug for about three hours. The crewmembers managed to free themselves and the Master reported the incident to Owners and the Authorities. The tug then returned to the original port of departure where the local Authorities boarded the tug for investigations. Master also reported the possibility of a "mother" pirate vessel in the vicinity.

On 10 October 2013, armed pirates attacked a Thailand flag product tanker, Danai 4, while underway, off Pulau Aur, Malaysia. Around nine pirates armed with guns approached, boarded and hijacked the tanker and took its crew hostage. The pirates then destroyed all communication equipment and stole its cargo. Prior to disembarking on 15 October 2013, the pirates stole ship's cash and the portable communication equipment and crew personal belongings and cash. The Master managed to contact the owners and informed them of the incident. No injuries to crew.

On 07 November 2013, a Panama flagged chemical tanker, GPT 21, was attacked and hijacked while underway at position Latitude 01:20 North and Longitude 103:18 East, around 7.3nm west of Pulau Kukup, Malaysia. Five armed hijackers boarded the vessel, tied up all the crewmembers and held them hostage in one cabin. Later they ordered the Master to steer the ship to a pre-designated position where another unknown orange hull tanker came alongside. The C/O and the bosun were forced to operate the mooring winches and then the cargo pumps and valves to transfer oil into the unknown tanker. Prior to leaving the hijacked tanker, crew personal belongings were also stolen.

Nigeria:

On 31 January 2013, armed pirates attacked a Liberian Tanker MT Olivia II, while underway, around 45nm SSW off Brass, Nigeria at approximately 2030UTC. The tanker noticed three skiffs approaching her at high speed. A suspected mother vessel was observed on radar at a distance of around 1.2nm. As the skiffs closed in, the Duty Officer raised the alarm and all non-essential crew mustered in the citadel. The tanker commenced evasive manoeuvres and headed towards a nearby oil terminal to seek assistance from the naval guard vessels. A further two skiffs were noticed approaching the tanker and all skiffs fired towards the bridge and accommodation. A RPG was also fired but missed the tanker. The attack

lasted for nearly one hour before the skiffs broke off. The crews reported safe but the tanker sustained some damages due to the firing.

On 04 February 2013, a Marshall islands Chemical Tanker MT Pyxis Delta was attacked by armed pirates while anchored at position Latitude 06:19.16 North and Longitude 003:24.57 East, Lagos Anchorage, Nigeria at approximately 0024UTC. Armed persons with guns approached and fired upon the anchored tanker carrying out STS operations. The armed naval security team on board the tanker responded to the threat and the armed persons moved away. One crewmember was shot and later died during medical evacuation.

On 07 February 2013, a United Kingdom General Cargo Ship MV Esther C was attacked by armed pirates while underway at position Latitude 02:47 North and Longitude 005:48 East, around 96nm SSW of Brass, Nigeria at approximately 2125UTC. Armed pirates successfully managed to board the vessel underway. They stole crew's and vessel's valuables and kidnapped three crewmembers before escaping. On 11 March 2013, the three kidnapped crewmembers were released.

On 07 February 2013, a Liberian flagged Offshore Supply vessel MV Armada Tugas 1 was attacked and hijacked by armed pirates while underway at position Latitude 03:40.48 North and Longitude 005:53.12 East, around 40nm SSW of Brass Terminal, Nigeria at approximately 0700LT. About 17 pirates armed with AK47 rifles attacked, boarded and hijacked an offshore supply vessel underway and tried to use it as a mother vessel. They took hostage all 11 crewmembers and four divers. The vessel was released on 11 February 2013 with no injury to crew. Ship's stores and equipment were stolen and some communication equipment was damaged.

On 10 February 2013, a St Vincent and Grenadines flagged Offshore Supply Vessel MV Walvis was attacked by armed pirates while underway at position Latitude 03:33.55 North and Longitude 006:35.39 East, around 45 nm off Bonny River, Nigeria at approximately 1830 LT. About 12 heavily armed pirates approached the vessel, fired at her and successfully boarded the vessel. The vessel's alarm was raised and most of the crewmembers retreated into the citadel. However, the pirates managed to apprehend and kidnapped the Master and Chief Engineer. Before escaping, they stole the vessels and crew's cash and valuables. On 27 February 2013, the two kidnapped crewmembers were released.

On 11 February 2013, a Hong Kong General Cargo Ship MV Safmarine Sahel was attacked by armed pirates while underway at position Latitude 04:06.68 North and Longitude 006:52.57 East, around 13nm south of Nigerian coastline at approximately 0635LT. The General Cargo vessel noticed a speedboat approaching on its port side. The ship increased speed and made evasive manoeuvres. The speedboat came alongside and the pirates attempted to board. Due to the anti-piracy measures enforced on board the vessel, the pirates aborted the attempt and moved away. Weapons were fired at the vessel. Fortunately, all the crewmembers and vessel are safe and proceeded to a safe port.

On 17 February 2013, a Malaysian flagged Offshore Supply vessel MV Armada Tuah 101 was attacked by armed pirates while underway at position Latitude 03:57.4 North and Longitude 005:20.8 East, around 55nm WSW of Brass, Nigeria at approximately 0700UTC. The pirates armed with guns successfully boarded the vessel and kidnapped six crewmembers and escaped. The remaining 12-crew members were unharmed and were escorted to Port Harcourt. Negotiations were carried out between Owners and pirates and on 25 February 2013, the pirates released the six crewmembers.

On 22 February 2013, armed pirates attacked a Singaporean General Cargo Ship MV Kota Bahagia, while underway, around 31nm SSW of Brass, Nigeria at approximately 1800UTC. About six pirates armed with automatic guns in a skiff launched from a mother vessel chased and fired at the ship. Master raised the alarm, activated anti-piracy preventive measures, increased speed, took evasive actions and non-essential crews took shelter in the citadel. The pirates attempted to board the ship several times and then aborted the attempt due to hardening measures taken by the ship. The incident reported to MRCC Nigeria. There was no injuries to crew reported but the ship sustained some damages due to the firing.

On 30 March 2013, a Malta flagged Product Tanker MT Sea Hermes was attacked by armed pirates while underway at position Latitude 03:57.3 North and Longitude 006:41.0 East, around 52nm SSW of Port Harcourt, Nigeria at approximately 2242UTC. About 8 to 10 pirates armed with guns in a small craft approached a drifting tanker. The duty crew noticed the craft and informed the Master and the duty Engineer. The craft stopped and then moved towards the stern of the tanker and closed in to the starboard shipside and stopped beneath the lifeboat. Master quickly raised the alarm, crew mustered and flashed the lights and shouted at the craft. Seeing the crew alertness, the pirates aborted the attempted boarding and moved away while firing at the tanker. Master then sailed the tanker further south from Nigerian shore. The incident was also reported to the Nigerian navy via Ch. 16.

On 22 April 2013, a Liberian flagged Container Vessel MV Hansa Marburg was attacked by armed pirates while underway at position Latitude 02:31 North and Longitude 006:50 East, around 133nm south of Port Harcourt, Nigeria at approximately 2240LT. Armed pirates successfully boarded the container vessel and kidnapped four crew members and escaped. No injuries reported to the remaining crewmembers who sailed the vessel to Senegal.

On 25 April 2013, an Antigua and Barbuda flagged Container Vessel MV City of Xiamen was attacked by armed pirates while underway at position Latitude 04:10 North and Longitude 005:30 East, around 45nm WSW of Brass, Nigeria at approximately 2045UTC. About fourteen heavily armed pirates in two boats, one appears to be a supply boat named “Utay 8/Utai 8” and the other was a speedboat with orange hull and blue wheelhouse, approached and boarded the container ship. The pirates used their aluminium ladder to board the container ship. The ship raised the alarm and crew took shelter in the citadel. The pirates were able to breach the citadel eventually and then kidnapped the Master, Chief Officer, Chief Engineer, Second Engineer and Third Engineer. The pirates also escaped with the crew and ship’s properties and cash. The ship sustained damages due to hammering and firing of weapons. The remaining crewmembers were reported safe. All the kidnapped crewmembers were released on 14 May 2013.

On 24 May 2013, armed pirates attacked a Nigerian flagged Product Tanker MT Matrix while underway at position Latitude 03:52.5 North and Longitude 005:28.0 East, around 50nm WSW of Brass, Nigeria at approximately 2030UTC. About seven to eight pirates armed with guns in a boat fired at and successfully boarded the tanker via their aluminium ladder. They beat some of the crewmembers and stole crew and ship’s cash and properties. They then kidnapped five crewmembers and escaped. The kidnapped crewmembers were later released on 07 June 2013.

On 13 June 2013, a Singapore flagged Offshore Tug MDPL Continental One was attacked by armed pirates while underway at position Latitude 04:02 North and Longitude 008:02 East, approximately 30nm south of Kwa Ibo, Nigeria at approximately 0315LT. Fourteen pirates armed with automatic weapons in two speed boats attacked and successfully boarded the tug. Eight of the pirates boarded the tug, kidnapped four crewmembers including the Master and took them ashore. The pirates also stole crew’s personal belongings and valuables. On 21 June 2013, the kidnappers released the four kidnapped crewmembers. It is believed a ransom was paid for their safe release.

On 27 July 2013, a Nigerian flagged Product Tanker MT Loulou was attacked by armed pirates while underway at position Latitude 04:16 North and Longitude 007:56 East, around 40nm SE of Port Harcourt, Nigeria at approximately 0710LT. Pirates armed with automatic weapons attacked, fired upon and successfully boarded the tanker. Terminal security responded to the incident and the pirates left the tanker after stealing ship and crew property and cutting off the communication equipment cables. The tanker sustained damage from the gunfire and some crewmembers received minor injuries. Later, the tanker returned to Lagos Port safely.

On 12 August 2013, a Marshall Islands flagged Chemical Tanker MT SP Atlanta was attacked by armed pirates while anchored at position Latitude 06:19 North and Longitude 003:27 East, Lagos Anchorage, Nigeria at approximately 0330LT. About 11 pirates armed with guns attacked and successfully boarded the tanker. They took hostage all 18 crewmembers and hijacked the tanker. Shots were fired and crew

beaten up. The pirates stole valuables and crew personal belongings and caused injuries to crewmembers. On 13 August 2013, the tanker was released and safely arrived at Lagos anchorage.

On 16 December 2013, a Marshall Island flagged Chemical Tanker was boarded by armed pirates off Nigeria. The pirates kidnapped two crewmembers, stole crew personal belongings and escaped. Negotiations for the release of the crew appear to be under progress.

Somalia:

On 28 March 2013, an Iranian Fishing Vessel FV Saad 1 was attacked and hijacked by armed pirates while underway at position Latitude 11:52 North and Longitude 051:18 East, around 11nm WNW of Raas Caseyr, Somalia at approximately 0746UTC. About six pirates armed with guns attacked and boarded the Fishing Vessel. They hijacked the vessel and took all 20 crewmembers as hostage. Later, the Fishing Vessel was rescued on the same day. The vessel and all crewmembers are safe and proceeded to a safe port.

South China Sea:

On 12 July 2013, a Singapore flagged Offshore Tug Crest Apache was attacked by armed pirates while underway at position Latitude 03:13 North and Longitude 104:58 East, around 35nm WNW of Anambas Islands at approximately 0130LT. About eight pirates wearing ski masks and armed with guns and long knives in a speedboat successfully attacked and boarded the tugboat. The pirates cut off the tug's communication cables, stole the crewmembers' valuables/properties, cash and escaped. One crewmember was reported missing in the incident.

On 02 August 2013, armed pirates attacked and boarded a Thai flagged Product Tanker MT Danai 6. Six pirates armed with guns and long knives in a speedboat attacked and successfully boarded the tanker. The pirates opened fire, took hostage all 14 crew members and remained on board the ship for about 45 minutes during which time they stole crew and ship's cash and property. During the incident, two crew members were injured and the accommodation damaged due to the gun fire.

Togo:

On 05 May 2013, armed pirates attacked a Panamanian flagged Chemical Tanker MT Madonna while underway, around 27nm SSE of Lome, Togo, at approximately 2248UTC. About nine armed pirates in a speedboat approached the tanker during STS operations. Six pirates remained in their boat and three pirates boarded the tanker. The alarm was raised and all the crewmembers retreated into the accommodation and locked the doors. The pirates opened fire and Master contacted the Togo Navy guards, who were on board the other vessel alongside, for assistance. The Togo Navy guards exchanged gunfire with the pirates resulting in the pirates aborting the attack and moving away. The vessel was damaged due to gunfire.

On 13 June 2013, armed pirates attacked and boarded a French flagged Chemical Tanker MT Adour, while at anchor at Lome Anchorage, Togo. The pirates took the duty officer hostage to the Master's cabin. When the Master opened the cabin door, the pirates hit the Master on the face and ordered to muster the crew on the bridge. Once the crew were mustered on the bridge one of the younger pirates was very violent and beat the crew as well as broke a glass on one of the crews head. The pirates asked the Master and the C/O about the cargo in the tanks and when the Master replied that the vessel was in ballast the pirates again beat the Master and asked him to weigh anchor and proceed south. At around 0315LT, the pirates speed boat returned with more people. At around 0500LT, the tanker sailed towards Lagos and the pirates appeared to be negotiating on the satellite phone. They then ordered the Master to use the tanker to approach other vessels in the area and they asked the crew to fabricate a ladder in facilitate the boarding. On 16 Jun, the pirates took two crewmembers and disembarked from the tanker with the rescue boat taking along ship's cash, crew cash and personal belongings. The crew were released once later. Three crewmembers injured during the incident. Incident reported to Togo and French Authorities.

On 16 July 2013, a Marshall Islands flagged Product Tanker MT Ocean Centurion was attacked by armed pirates while underway at position Latitude 05:29 North and Longitude 001:38 East, around 46nm SSE of Lome, Togo at approximately 0430LT. Pirates armed with automatic weapons and knives in two speed boats attacked and successfully boarded the tanker. They took hostage all 25 crewmembers and hijacked the tanker. The pirates stole all the crewmembers' personal belongings and forced the tanker to sail south. Later, the pirates ordered the tanker to sail around 12nm from the coast of Togo/Benin and disembarked using a speedboat. The Togo Navy was informed and a patrol boat was dispatched to the location to escort the tanker to Lome anchorage for further investigations. Two crewmembers were injured during the incident and were transferred ashore to a clinic.

ACKNOWLEDGEMENT

The IMB appreciates the assistance and vital cooperation provided by the Coalition naval forces / EU naval force (EUNAVFOR ATALANTA) / MSCHOA / US Navy / French Alindien / NATO / UKMTO / Indian Navy / Iranian Navy / Malaysian Navy / Russian Navy / Chinese Navy / South Korean Navy / Japanese Maritime SDF/ Singapore Navy/ Royal Thai Navy / and Yemeni Coast Guard and Navy for assisting the many vessels that have been attacked in the past by suspected Somali pirates both in the Gulf of Aden and off eastern / southern Somali coast, Indian Ocean, Arabian Sea and other areas. The positive actions by the Navies including pre-emptive and disruptive counter piracy tactics had resulted in the drop in the number of attacks.

PIRACY NEWS

Advice to ships proceeding to the following Indonesia waters.

Recent meetings between the Indonesian Marine Police and the IMB PRC resulted in positive actions by the Indonesian Authorities. The Indonesian Marine Police and IMB PRC continue to work together and cooperate to find ways to bring the attacks down.

The Indonesian Marine Police have advised all ships intending to anchor to do so at / near the following areas where Indonesian Marine Police will conduct patrols. This will enable them conduct patrols and maximise their resources fully to provide greater protection to vessels in / near these positions.

1. Belawan: 03:55.00N-098:45.30E
2. Dumai: 01:42.00N-101:28.00E
3. Nipah: 01:07.30N-103:37.00E
4. Tanjung Priok: 06:00.30S-106:54.00E
5. Gresik: 07:09.00S-112:40.00E
6. Taboneo: 04:41.30S-114:28.00E
7. Adang bay: 01:40.00S-116:40.00E

9. Muara Jawa: 01:09.00S-117:13.00E
10. Balikpapan: 01:22.00S-116:53.00E

Ships are advised to maintain strict anti-piracy watch and measures and report all attacks and suspicious sightings to the local authorities and IMB Piracy Reporting Centre. The IMB PRC will also liaise with the local authorities to render necessary assistance.

The Regional Anti-Piracy Prosecutions Intelligence Coordination Centre, (RAPPICC)

At the 15th plenary session of the Contact Group on Piracy off the Coast of Somalia (CGPCS), the Government of Seychelles announced that its RAPPICC Centre has changed its name to, the Regional Fusion Law Enforcement Centre for Safety and Security at Sea (REFLECS). The change in name better reflects and describes the Centres new three-part mission – combating transnational organized crime; improving maritime shipping information sharing; and coordinating local and regional capacity building programs. Additionally, the Seychelles government has agreed to enact legislation to incorporate the Centre as a legal entity. The Steering Group also decided to invite countries from the East African and South Asian regions to join as new members.

Niger Delta – Joint Task Force (JTF)

In a recent news article the Commander of the JTF in the Niger Delta, Major General Debiro said the mandate of the task force was to stop illegal bunkering activities in the upstream sector, protect oil and gas facilities and installations and secure the environment and other lawful activities in the region.

In his news briefing in Yenagoa, he said, “In the year under review, JTF successfully conducted several land, maritime and air operations against illegal oil bunkering and refining activities, pipeline vandalism, armed robbery and sea robbery. The task force also conducted anti-kidnapping operations, cordon and search, destruction of re-emerging militant camps and provided security to oil and gas companies in the past twelve months. Over 42 armed robbers were killed and a total of 183 suspects were arrested, 40 sea pirates were also killed, 41 arrested and all manners of assorted arms and ammunition recovered from January to date.”

EUCAP Nestor and EU NAVFOR training for Somaliland Coast Guard

In its continued efforts to strengthen the Horn of Africa region and provide the capacity as well as capability to the Region, two European Union missions, EUCAP Nestor and EU NAVFOR's Operation Atalanta have been working together to provide support and enhance the skills of the Somaliland Coast Guard. Among the various capacity-building exercises carried out, 10 junior officers of the Somaliland Coast Guard and one prosecutor were chosen for a four-day training programme on 'evidence handling for maritime crimes'. The participants were welcomed on board the RFA Lyme Bay where trainers from EU CAP Nestor and EU NAVFOR discussed the chain of actions with regard to evidence handling in the different stages in the "crime to court" process.

At the end of the programme Admiral Abdi, of the Somaliland Coast Guard commented, "This training was extremely useful to enhance the skills of our coast guard". It will help us to develop skills for dealing with crime scenes at sea, and I hope that there will be many more trainings to come. Both EU missions, EU NAVFOR and EUCAP Nestor have made big efforts to make this event a success."
